

EDUCATIONAL FIELD TRIP TO A REAL WORKING FAMILY FARM! FALL 2017

Spookley

Anti-Bullying

Many children believe that milk comes from the dairy case and that vegetables are grown in the produce aisle. Part of our mission is to educate today's children as to where food really comes from and the importance of agriculture in everyday life. Therefore, we invite your class to an educational and fun-filled directed tour of our family farm on weekdays starting on Sept. 25th thru Oct. 31st featuring:

- Farmer Paul's educational talk with the children in a real grain bin about "how bees pollinate plants", "where their food comes from", and "what life is like on this farm"; which was established on this land by his family over 100 years ago!
- A Hayride through our pumpkin patch (weather permitting).
- Farm Animal Area - Everyone receives a cup of feed for the sheep and goats! Watch the goats walk on the roof! Maybe there will be some new baby goats, piglets and calves too!
- See our newest arrivals in the Baby Chick House!
- Listen to BoBo narrate the educational tale of where the Giant's Vegetable Stew comes from!
- Students can get great exercise in 1 of our 5 play areas. Climb aboard the Pirate Ships in Port Cottonwood. Enjoy the "kid sized" barns in our Barnyard Playland.
